### ACLS Provider Books

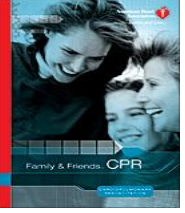

Product	Name	Description	Price
	<b>ACLS Provider Required Student Material</b>	The <b>ACLS Provider Manual</b> features case scenarios that help course participants apply new concepts to real-life situations. It includes material such as Effective Resuscitation Team Dynamics and the 10 ACLS Core Cases; a Student CD with video clips, optional material, anatomy/physiology, a quick reference guide, and reminder cards; two ACLS pocket reference cards; and the required ACLS Pre-course Checklist	\$30.00
	<b>STEMI Provider Manual With ECG ACS Ruler</b>	This set conveniently combines the self-study STEMI Provider Manual with the companion ECG ACS Ruler to help out-of-hospital and emergency department personnel rapidly assess, diagnose, and treat ST-segment elevation myocardial infarction (STEMI) patients	\$45.00
	<b>ECG &amp; Pharmacology Student Workbook</b>	Intended for use with the "ECG & Pharmacology Instructor CD," (80-1448), this colorfully illustrated workbook can be used by students for preparation before the course begins, as a workbook during the course, and as a reference resource long after the course has ended. Comprehensive and easy to follow, it presents information on basic electrophysiology, normal ECG measurements, basic arrhythmias, basic ACLS drugs, usage and routes of administration during cardiovascular emergencies, and how to integrate basic drug pharmacology into ACLS algorithms. 50 pages, 8" x 11"	\$15.00
	<b>ACLS Resource Text For Instructors And Experienced Providers</b>	This updated and reorganized text is intended to provide ACLS instructors with the material to understand and explain the ACLS core information, and is the required text for students taking the Experienced Provider course. Organized in two sections, the text will further develop the understanding, skills, and depth of background knowledge that experienced providers are expected to possess. Part 1 expands on information presented in the ACLS Provider Manual (80-1088), and provides rationale, background information, and supplementary data on basic ACLS core material.	\$38.00

## Healthcare Provider Book

Product	Name	Description	Price

## PALS Provider Books

Product	Name	Description	Price
	<p><b>Pediatric Emergency Assessment, Recognition, and Stabilization Provider Manual</b></p>	<p>This comprehensive text helps equip those who do not routinely provide care to critically ill children and who are not required to have a PALS (Pediatric Advanced Life Support) credential -- such as physicians, nurses, pre-hospital and in-hospital providers outside of critical care areas, outpatient-clinic staff, and school-based providers -- to identify a pediatric victim at risk of severe cardiopulmonary distress, intervene early to stabilize the child, and contact the next level of care early. Readers learn to recognize the signs of impending respiratory failure or shock, initiate the appropriate treatment, and follow recommended procedures for preventing disability and death in children</p>	<p><b>\$30.00</b></p>
	<p><b>PALS Provider Manual And Course Guide</b></p>	<p>This all-inclusive package of the two PALS student texts provides the PALS student with comprehensive information for the PALS Course. The PALS Course Guide (80-1412) is designed to be used for class preparation and as a workbook during the course. It includes the PALS Student CD, with precourse self-assessment, practice cases, and supplemental information to help the student prepare for the course; the PALS Precourse Preparation Checklist Card; and the PALS Pocket Reference Card (80-1414). 8 1/2" x 11", 100 pages. The PALS Provider Manual (not sold separately)w contains more in-depth information on topics for pediatric resuscitation such as recognition and management of respiratory distress and failure, recognition and management of shock, and pharmacology. 8 1/2" x 11", 280 pages. This set replaces "PALS Provider Manual" (70-2200).</p>	<p><b>\$40.00</b></p>
